Greetings to the Graduates

The pomp and ceremony of convocation exercises formally mark an important life transition for you, our graduates. Surrounded by proud families, friends, teachers and mentors, you may now move forward with confidence, having earned our admiration and praise.

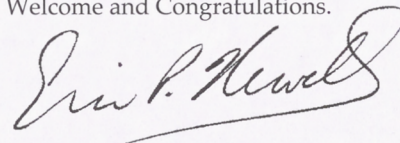

Each of you chose to follow a rigorous intellectual path and each has proved worthy. Today, you mark an important milestone in your life while we, your community, mark an important one in ours. One hundred years ago, the University of Alberta was founded on a scrubby piece of riverbank by men and women who believed this province should be built on a foundation of knowledge.

At that time, our founding president, Henry Marshall Tory, promised that the knowledge within these walls would not remain here, but would flow forever outward in service to our community. Today, you join more than 200,000 University of Alberta alumni worldwide in fulfilling that promise.

Since those first classes back in 1908, our community has grown beyond the borders of Alberta to encompass the world in one global community. Learning to live peacefully and prosperously in this community will require leaders and citizens of vision, commitment and drive. More than ever, the world needs leaders and citizens like the people you have become.

While today may seem like an ending, it is not. Today is a beginning, a first step along a new path. You will continue to grow, to learn and to contribute. You will also continue to be a life-long member of our University of Alberta community.

Welcome and Congratulations.

Eric P Newell, OC, LLD (Hon)
Chancellor

I would like to extend my heartfelt congratulations to this year's University of Alberta graduates.

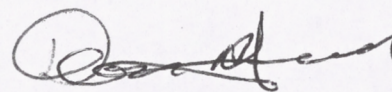

Graduation is one of life's great defining moments. It is the culmination of years of hard work, perseverance and commitment. And it represents the achievement of an important goal.

Now, another exciting chapter in your life is about to begin. Your time at the University of Alberta has prepared you for this next step and provided some of the tools needed for your success.

Each of us has a calling or vocation that inspires or motivates us. Postsecondary education fosters that inner desire by fanning the flame and providing the knowledge and skills needed to pursue your passion.

Your academic accomplishments have also given you a solid educational foundation, providing for continued learning in the years to come. Ongoing education will ensure your career continues to expand, evolve and flourish. Never lose that passion for learning or that thirst for knowledge.

Again, my warmest congratulations to you on this day of celebration and best wishes in your future endeavours.

Honourable Denis Herard
Minister of Advanced Education

Greetings from Faculty and Staff

Universities began as small collections of scholars who worked together to preserve and advance knowledge. Students came to study with them and, in due course, an administrative structure arose to provide system and recognition for those studies. This ancient structure is preserved at the University of Alberta, with the faculty and the students providing the core of the University's purpose: teaching and the advancement of knowledge.

The faculty and staff congratulate you, the graduates, on the successful completion of your present studies which is recognized by the degrees to which you are admitted today. We hope your present knowledge provides a sound base for an education which will continue throughout a rewarding life. To quote Honorary Degree Recipient Tommy Banks: "Try to be a good person. You will be amazed how rewarding it is."

Congratulations from the Faculty and Staff!

Order of Ceremony

Morning Ceremony, 10:00 am

Presiding

The Chancellor
Eric P Newell, OC, LLD (Hon)

Musical Prelude

Music is provided by the University of Alberta Convocation Band under the direction of Dr Thomas Dust, BSc, BEd, MM, DME. Vocal accompaniment is by Gillian Scarlet, an undergraduate student in the Faculty of Arts, Department of Music. Please remain seated during the prelude.

Ceremonial Procession

Following the University of Alberta Cheer Song, the band will play a drum roll and the opening bars of the processional to signal the arrival of the Chancellor and other members of the Platform Party.

Members of the procession enter the auditorium in the following order:

Marshals
Chancellor
Chair of the Board of Governors
President and Vice-Chancellor
Government Minister
Vice-Presidents
Honorary Graduand and Presenter
Honorary Doctors of the University
Alumni Association Officer
Deans of the Faculties
Registrar
Assistant Registrar
Members of the Judiciary
Governors of the University
Senators of the University
Representatives of Governments
Representatives of Postsecondary Institutions
Faculty of the University

National Anthem

O Canada! Our home and native land!
True patriot love in all thy sons command.
Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)
Il sait porter la croix! (The True North strong and free)
Ton histoire est une épopée (From far and wide, O Canada)
Des plus brillants exploits. (We stand on guard for thee)
God keep our land glorious and free!
O Canada! We stand on guard for thee.
O Canada! We stand on guard for thee.

Invocation

Dr Eric P Newell
Chancellor

Welcome to the University

President's Address

Dr Indira V Samarasekera

Conferring of Honorary Degree of Doctor of Laws

Ms Julie Payette
Presented by *Dr David Lynch*
Dean, Faculty of Engineering

Convocation Address

Dr Julie Payette

Conferring of Degrees

The Presentation

The Dean of the Faculty of Graduate Studies and Research presents the candidates for degrees with these words:

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

The Pledge

The President then addresses the candidates in these words:

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honour of your University, the encouragement of learning, and the good of your country?"

Each candidate replies:

"These things I pledge myself to do."

The Admission

The Chancellor then addresses the candidates in these words:

"By virtue of the authority vested in me by the Legislature of this Province, and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights, and privileges pertaining to such degrees. I charge you to use them for the glory of God and the honour of your country."

The graduates remain in their places.

Presentation of Graduates

The graduates are presented individually to the Chancellor in alphabetical order according to the seniority of their faculty and the establishment date of each program.

Recession

Members of the audience are requested to remain at their places until the Platform Party and the graduates have recessed.

Following the Convocation ceremony, light refreshments will be served in the reception areas on the main floor and first balcony foyers. The University and the Alumni Association cordially invite you to attend.

Those graduates who would like a photograph with the Chancellor may meet him in the east end of the main floor foyer by the Special Collections display. The Chancellor will be available for approximately twenty minutes following the conclusion of the ceremony.

Congratulations *Honorary Degree Recipient*

Julie Payette

Julie Payette has yet to find a border that she can not cross. Like millions of children of her generation she was inspired by the bold space missions of the sixties and by men walking on the moon. She dared to set her aim high and dedicated herself to pursuing her dreams. Ms Payette is currently the Chief Astronaut for the Canadian Space Agency. She flew on the Space Shuttle *Discovery* as Canada's youngest astronaut, and first International Space Station assembly mission specialist. She is currently a CapCom (Capsule Communicator) at the Mission Control Center in Houston, Texas.

Montréal born and raised, Ms Payette is fluent in French and English, and also conversant in Spanish, Italian, Russian and German. She is an accomplished vocalist and pianist and has performed in the Tafelmusik Baroque Orchestra Choir in Toronto, the Piacere Vocale in Basel, Switzerland, and the Chamber Choir of the Orchestre Symphonique de Montreal. She enjoys running, back-country skiing, racquet sports and scuba diving. She is also licensed as a multi-engine commercial pilot and has logged over 1,100 hours of flight time—more than half of it on high performance jet aircraft.

Ms Payette received her Bachelor of Engineering (Electrical) from McGill University, graduating with distinction and receiving the highest undergraduate award. She earned a Master of Applied Science in Computer Engineering from the University of Toronto.

In 1992 she was one of four candidates selected from a field of 5,330 applicants to become an astronaut for the Canadian Space Agency. In preparation for her space mission, Ms Payette obtained her commercial pilot license, studied Russian and logged 120 hours as a research operator on board reduced gravity aircraft.

In 1996 Ms Payette reported to the NASA Johnson Space Center in Houston, Texas. She completed initial astronaut training in April 1998 and flew aboard *Discovery* from May 27 to June 6, 1999. She represented the Canadian astronaut corps and the European and Russian space agencies from September 1999 to December 2002. In 2002 she assumed her current duties as Chief Astronaut of the CSA. She also works as a CapCom at the Mission Control Center in Houston, and as such, is responsible for all communications between ground controllers and the astronauts in flight. One of her key roles in 2006 was to act as CapCom for mission STS-121.

Ms Payette is a passionate environmental advocate for the terra firma that she has explored on foot (and skis), by sea and air and witnessed from outer space. Since her return from her shuttle mission in 1999, Ms Payette has contributed hundreds of hours to public presentations and school tours, encouraging young people to dream big dreams, and to dare to discover their own potential.

Julie Payette is an outstanding role model for young Canadians. Her career and life have transcended boundaries of culture, gender and geography. She is truly an exceptional individual whose outstanding achievements in space and science are balanced and informed with an active cultural and social engagement with life.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Ms Julie Payette:

Astronomical dialogues between a gentleman and a lady: wherein the doctrine of the sphere, uses of the globes, and the elements of astronomy and geography are explained, in a pleasant, easy and familiar way, with a description of the famous instrument, called the orrery. London: printed by T Wood, for Benj Crowse, 1719.

This first edition was an early attempt to present the fundamentals of astronomy to female readers. John Harris was a clergyman with an abiding interest in science. He compiled the first English encyclopaedia of arts and sciences in 1704, and a massive collection of voyages in 1705. The work includes six engraved plates, of which the most attractive is that of the orrery made by John Rowley, a noted designer of scientific instruments.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Members of the Judiciary
Governors of the University
Senators of the University
Representatives of Governments
Representatives of Postsecondary Institutions
Faculty of the University

National Anthem

O Canada! Our home and native land!
True patriot love in all thy sons command.
Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)
Il sait porter la croix! (The True North strong and free)
Ton histoire est une épopée (From far and wide, O Canada)
Des plus brillants exploits. (We stand on guard for thee)
God keep our land glorious and free!
O Canada! We stand on guard for thee.
O Canada! We stand on guard for thee.

Invocation

Dr Eric P Newell
Chancellor

Welcome to the University

Conferring of Honorary Degree of Doctor of Laws

Honourable James S Edwards, PC
Presented by *Dr Daniel Woolf*
Dean, Faculty of Arts

Convocation Address

Honourable Dr James S Edwards, PC

Conferring of Degrees

The Presentation

The Dean of the Faculty of Arts presents the candidates for degrees with these words:

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

The Pledge

The President then addresses the candidates in these words:

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honour of your University, the encouragement of learning, and the good of your country?"

Each candidate replies:

"These things I pledge myself to do."

The Admission

The Chancellor then addresses the candidates in these words:

"By virtue of the authority vested in me by the Legislature of this Province, and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights, and privileges pertaining to such degrees. I charge you to use them for the glory of God and the honour of your country."

The graduates remain in their places.

Presentation of Graduates

The graduates are presented individually to the Chancellor in alphabetical order according to the seniority of their faculty and the establishment date of each program.

Chancellor may meet him in the east end of the main floor
foyer by the Special Collections display. The Chancellor
will be available for approximately twenty minutes
following the conclusion of the ceremony.*

Congratulations *Honorary Degree Recipient*

Honourable James S Edwards

A visionary statesman, James (Jim) Edwards has earned a Canada-wide reputation for outstanding advocacy for post-secondary education. His term as Chair of the Board of Governors from 2002 to 2006 has been among the brightest periods in the University's history.

A University of Alberta graduate in history and a third-generation Edmontonian, Mr Edwards established Edmonton's first FM Stereo Station for Sunwapta Broadcasting-CFRN in 1964. When he left the station to enter Parliament in 1984, he was Manager of the radio division and President of the Western Association of Broadcasters.

As a former Member of Parliament for Edmonton South (1984-1988) and Edmonton Southwest (1988-1993), Mr Edwards chaired five key Commons Committees, rewriting Canada's cultural policy, including new broadcasting and copyright laws. A member of Privy Council, he was a candidate for the Office of Prime Minister in 1993 and served as President of the Treasury Board that same year.

Mr Edwards played an instrumental role in the University's successful merger with Augustana University College in Camrose in June 2004. He also served as Co-Chair of the Canada Conference held in 2005 to celebrate the joint birthdays of Alberta and Saskatchewan.

His governance abilities have contributed to a number of important milestones in our institution's history. He led the search committee that selected Indira Samarasekera as the twelfth President and Vice-Chancellor. During his term as Chair, the University of Alberta approved its first billion dollar budget in 2004. One year later, the Province of Alberta approved the Access to the Future fund as well as significant new increases to post-secondary funding. Mr Edwards was also actively engaged with the Board and executive team in securing City of Edmonton as well as provincial and federal support towards the purchase of the Bay Building in downtown Edmonton, now known as the University of Alberta Enterprise Square.

Mr Edwards recently completed four years as Chair of the Strategy Council for the Mazankowski Alberta Heart Institute. He has served as a member of the Alberta Human Rights Commission. He continues to serve as Chair of the Board of Directors of ZCL Composites Inc and as a member of the Board of Trustees of the Alberta Ingenuity Fund.

A champion of the vital role of cultural and educational institutions in civil society, Mr Edwards served as President and CEO of Economic Development Edmonton and as a board member for the Edmonton Symphony Orchestra, the Edmonton Opera Association, and Junior Achievement of Edmonton. He is a former president of the Kiwanis Club of Edmonton and the Kiwanis Music Festival.

Married since September 1960, Mr Edwards and his wife Sheila are well known as patrons of the arts in Edmonton. Their devotion to ideals of service and citizenship is surpassed only by their devotion to their four children and seven grandchildren.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to the Honourable James S Edwards:

Pennefather, John P. Thirteen Years on the Prairies: From Winnipeg to Cold Lake Fifteen Hundred Miles. London: Kegan Paul, Trubner & Co. Ltd., 1892.

John Pyne Pennefather, an English physician, arrived in Manitoba in 1880 to farm for a few years before moving to Winnipeg to practise medicine. During the Riel Rebellion he served with Strange's column after which he turned to editing the medical journals; Manitoba, Northwest, and British Columbia lancet, Northern lancet and the Northern lancet and pharmacist. The purpose of this copiously illustrated memoir was to describe the climate, soil and other inducements to encourage emigration to Manitoba and the North-West.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Welcome to the Alumni Association

Because your degree is only the beginning...

As a graduate of the University of Alberta, you are part of the University's worldwide alumni family, now more than 200,000 members strong, playing leading roles in their communities and in the world. Internationally known U of A alumni include former Canadian Prime Minister Joe Clark; former World Conservation Union President Jay Hair; Nagoya University founder, the late Yuichi Kurimoto; former Alberta Premier Peter Lougheed; Nobel Prize winning physicist Richard Taylor; and Margaret and Ronald Southern founders of the international equestrian facility – Spruce Meadows. All around the world, your Alumni Association can help you with services, contacts, and news from your alma mater, so stay in touch!

Exclusive Benefits and Services

As an alumnus, you will receive the University's award-winning alumni magazine, *New Trail*, free of charge for life – just let us know when you move. The Alumni Association has also launched a monthly electronic newsletter called *e-trail*. We also offer special rates for auto and home insurance, group rate life, dental and health insurance, recreational facility access, Bookstore discounts, travel/education programs, and other services.

Chapters of the Alumni Association

Chapters exist to maintain connections between alumni from specific faculties or clubs on the University campus. Volunteer opportunities exist for alumni interested in maintaining and building upon valuable university contacts through these Chapter activities. Contact can be made through the Office of Alumni Affairs.

Reunion 2011!

The Alumni Association invites you back to a Reunion every five years, so mark your calendars! In the meantime, the Alumni Association also supports a Class Representative Program to help you stay in touch with your friends and classmates—contact the Office of Alumni Affairs or go to the alumni website for more information.

Branches of the Alumni Association

While approximately forty percent of our graduates live in Edmonton and nearby communities, alumni live, work, and make their impact felt in countries in all corners of the globe. There are U of A alumni volunteer leaders and/or official alumni branches in more than forty communities around the world, providing social and career contacts to graduates moving to a new area. If there is an alumni volunteer leader and/or branch in the city where you will be establishing roots, contact the Office of Alumni Affairs for more information. If there isn't one, perhaps you would like to help get one started!

History of Convocation

Magna Congregatio

In the eleventh century, a new vitality quickened all aspects of the civilization of Western Europe. The creative forces thus unleashed soon found expression in new institutions, and of these the university bids fair to be the most enduring. The modern university is the lineal descendant of the university of the Middle Ages. Its purposes and organization, even much of its ceremonial, are medieval in origin.

The medieval university was originally called a *studium generale*, that is, a place of learning to which teachers and students from anywhere resorted. The first *studia* were at Salerno, Bologna, and Paris. These came into existence spontaneously and developed through the twelfth century as the needs of the time and their inner necessities dictated. In the thirteenth century these spontaneous associations crystallized into guilds or corporations endowed by Church and State with specific privileges which guaranteed the internal autonomy necessary for the vocation of study. To these corporations was increasingly applied the word *universitas* denoting the entire group of those responsible for the transmission of higher learning and the pursuit of knowledge.

By the beginning of the 14th century, two forms of university organization had appeared. At Bologna, primarily a higher school of canon and civil law to which came men experienced in ecclesiastical and secular administration, the control of the *studium generale* passed to the students; hence Bologna was a *universitas scholarum*. On the other hand in Paris and Oxford, whose dominant faculty was the Faculty of Arts, the *studium* emerged under the direction of a guild of teachers, a *universitas magistrorum*. Through its own officials, notably the chancellor (once symbol of external control and by now of internal autonomy), the guild of teachers developed its courses of instruction, administered its own affairs and admitted to its company only those who had met its intellectual standards. The University of Alberta stands in the tradition of Paris and Oxford.

Originally the goal of the medieval student was certification by the guild of teachers that he also was qualified to teach (the *licentia docendi*). With the passage of time the student's progress through the curriculum was marked by ceremonies which signified his successful attainment of a certain level (*gradus* or in modern language, degree) of competence. The Bachelor had completed his apprenticeship in the Faculty of Arts. The Master was now qualified to teach in that Faculty and was thus incorporated into the *universitas magistrorum*.

The Doctor was one who, having obtained the mastership, had successfully completed the curriculum of one of the "higher" faculties (in the Middle Ages, law, medicine, and theology) and was now qualified to teach in those faculties. Inevitably the degrees of the *universitas* did more than admit their holders to the teaching profession. They served the wider social purpose of demonstrating their holders' fitness to serve the entire medieval community.

Today's ceremony stems from the medieval tradition. The procession of the guild of teachers, whose solemn assembly, or convocation, is the modern equivalent of the medieval *magna congregatio* of all faculties, is led by the Chancellor and the Chief Marshal carrying the mace, the symbol of the University's corporate authority. The academic gowns, hoods, and caps, once the sober, disciplined dress of secular clergy and teachers, declare in their various designs and colors the academic qualifications of the Faculty. The citations and presentations by the Faculty to the Chancellor attest to him and to society the degree of proficiency attained by the students of the University. There follows a visible and public act whereby the *universitas magistrorum*, acting through its Chancellor, confers upon the students the appropriate degree. It is the act, not a certificate, which constitutes the validity of the degree bestowed. More, the formula, "I admit you" and the placing of the students' hands within the hands of the Chancellor and his associates, bind the students in the appropriate degree to the *universitas magistrorum*. The students thereafter bear for all time the mark of their association with this University. They have received what the University has been and presently is. Because they bear in themselves the promise of the future, they are what the University hopes to be. Despite its solemnity, convocation is a joyous occasion.

The history of academic dress reaches far back into early days of the oldest universities. A statute of 1321 required that all "Doctors, Licentiates, and Bachelors" of the University Coimbra wear gowns. In England, in the second half of the fourteenth century, the statutes of certain

colleges forbade "excess apparel" and prescribed the wearing of a long gown. It is still a controversial question as to whether academic dress finds its sources chiefly in ecclesiastical or in civilian dress. Gowns may have been counted necessary for warmth in the unheated buildings frequented by medieval scholars. Hoods seem to have served to cover the tonsured head until superseded for that purpose by the skull cap. This was itself displaced by a headdress more or less like one or another of those now recognized as "academic." (The mortar board - the hard, square cap commonly used as academic headdress today - evolved from the softer, more flexible "square cap" introduced in England about 1490. It is named for the square board on a handle used by stone masons for holding the mixed mortar to be applied to walls.) Both Cambridge and Oxford have made academic dress a matter of university control to the extent of even its minor details and have repeatedly issued revised regulations. In Laudian days in Oxford it was prescribed that any tailor who departed from authorized design "even by a nail's breadth" in the making of any article of collegiate costume was to be punished by the vice-chancellor of the university.

Academic dress at the University of Alberta generally follows the prescription of Cambridge University in the design of the gown, and that of Oxford University in the design of the hood. See the Academic Dress page in this program for a detailed description of the academic dress at this institution.

In addition to the apparel worn by holders of degrees conferred by the University of Alberta, a collection of apparel specific to particular offices has also been developed. The President of the University wears a green gown faced with gold braid trim and lining and a black cap with a gold tassel. The Chancellor and Chancellors Emeriti wear gowns of teal blue with silver trim and black caps with silver tassels. The gowns of the senior officials bear an embroidered crest of the University. University Governors and Senators wear stoles bearing the crest of the University over their gowns: gold for Governors and green for Senators. The University Registrar wears a green gown with gold trim on the sleeves.

Graduates and staff of the University of Alberta who wish to purchase their own academic apparel are invited to contact the Assistant Registrar, Academic Awards and Ceremonies in the Office of the Registrar and Student Awards. The University Coat of Arms

Quaecumque Vera

On November 15, 1909, a motion by the faculty recommended to the Senate the adoption by the University of the provincial coat of arms, with the addition of an open book above the shield and the motto *Lux et Lex*; the words "University of Alberta" were to be attached as might seem fit. The present motto was substituted in January 1911 for the one originally proposed. In 1950 the representation of the coat of arms was altered to conform better to the principles of heraldic design but these arms were never actually registered.

In 1994 a new coat of arms incorporating a number of traditional symbols associated with the University or the Province, or with learning, was officially granted by the Canadian Heraldic Authority. In non-technical language, it consists of the following elements:

Shield: a representation of the topography of Alberta (wheat fields, hills, rivers, and the Rocky Mountains) derived from the provincial coat of arms, and a book symbolizing learning.

Crest: a Great Horned Owl, the provincial bird and a traditional symbol of wisdom.

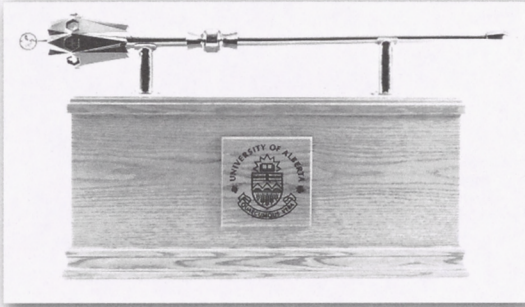

Supporters: a pronghorn, taken from the provincial coat of arms, and a golden bear, long the University mascot, standing on a mound of wild roses, the floral emblem of Alberta.

Motto: *Quaecumque vera*
("Whatsoever things are true,"
Philippians 4:8)

The arms are copyrighted and may not be used without permission of the Board of Governors. The name of the University is similarly protected.

Mace and Ceremonial Chairs

University Traditions

The University of Alberta Mace was designed and crafted specifically for the University as a gift from Dr Francis Phillip Galbraith, Chancellor of the University of Alberta from 1964 to 1970. Michael Galbraith presented the Mace on behalf of his father on May 26, 1970.

Among its elements are the Star of Saint Thomas Aquinas, the Patron Saint of Scholars; the Wild Rose of Alberta; the Maple Leaf; and the separate charges which make up the University's Emblem. The University motto "Quaecumque Vera" ("Whatsoever Things Are True" Phil 4:8) encircles the staff. The Mace is made of sterling silver which was rhodium plated after the insertion of the various enamelled shields which make up its elements. A special electroplate process was used to apply 24 karat gold to other parts of the Mace.

It was intended that the Mace should be modern in appearance but with medieval origins. The preponderance of visual weight at the top of the staff and the rather complex section through the metalwork at this point are reminiscent of the use of the mace as a weapon, defensive or aggressive.

The Mace is carried before the Chancellor, or Vice-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. Centuries ago the Mace was a symbol of authority over life and death. Today it represents power - but the power of knowledge and the importance of the University in the community.

The Chancellor's Chair was presented to the University of Alberta as a gift from the 1922 graduating class. It is made of solid oak with a padded leather back and seat. Above the padded-leather back is carved the University motto "Quaecumque Vera" together with the class year, 1922, and the University emblem.

In 1987, the family and friends of Dr Charles Malcolm Macleod, Chair of the Board of Governors from 1950 to 1966, presented a memorial gift to the University of an oak stand for the University of Alberta Mace and two additional chairs for use by the President and the Chair of the Board of Governors at Convocation.

In 2006, a fourth chair was donated in memory and honour of, Lois Elsa Hole, beloved Chancellor (1998–2000) and Lieutenant Governor (2000–2005), by Earl Evaniew, Sandra Kereliuk and their daughter Jennifer. This chair becomes part of the seating arrangements on stage, when the Lieutenant Governor or other high profile dignitaries attend the convocation ceremonies.

Academic Dress

Ceremonial Colors

All undergraduate and master's degree gowns are the customary Cambridge shape, i.e., a gown of black material falling below the knee with full sleeves cut to the elbow and terminating in a point.

Hoods are made in the Oxford pattern of spruce green material. The Bachelor's hood has a border three inches wide of the color distinctive of the Faculty as noted below. The Masters' hood has a full lining of the color distinctive of the Faculty also noted below. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Doctorate Degrees

'Doctors' gowns (PhD, DMus, and EdD) conform to the Intercollegiate Code in design. They are made of black material and the velvet trim on the sleeves is Philosophy Blue for the PhD and DMus, and Education Light Blue for the EdD. Doctors' hoods conform to the Intercollegiate Code in shape, size, and color. They are made of black material to match the gown, and have a full lining of gold satin with a six-inch green satin chevron. The velvet trim distinguishes the two degrees and matches the velvet trim on

the gown's sleeves. There is a narrow green piping where the gold lining joins the black material. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Honorary Doctorates

Honorary Doctors of Laws (LLD), Letters (DLitt), and Science (DSc) wear a scarlet robe faced with white silk. Hoods are made in the Cambridge form of scarlet silk with a full lining of white silk. Caps are black velvet with a gold tassel.

If you can, please share this program with a companion. Then, if you do not take it home, please leave it (in good repair) on the table by the doors as you exit. This will help us ensure that someone else can use it on another day of Convocation, and subsequently conserve paper.
Thank you for your assistance.
